Dear Doug:

Thanks for writing as you did a few days ago. It is my duty to report that our office does not secure chapter stationery. The chapters have it printed wherever they desire, some being done at campus print shops and others at commercial printers. If you desire, our office can furnish a cut of the pin emblem to be used at the top of your letterhead. I believe you might like to include this when you have a new stock of letterheads printed.

A supply of census cards and 25 Greek letter decals have been sent to your Chelmsford, Massachusetts address and should arrive promptly by parcel post.

Best wishes to you for a very pleasant and profitable Summer.

Fraternaly yours,

Sidney B. North
Executive Secretary
