

Nov. 13, 1951

The meeting of Alpha Phi Omega was held at 7:30 in Rm 11 of the Physical Education Building. The Service Committee's letter of the skeleton of the Demonstration Pool was read and accepted and will be sent to all Scout masters, prospects, and members who will possibly be interested. The Program Committee has <sup>not</sup> ~~yet~~ received <sup>a</sup> ~~a~~ reply to the letters which they sent to Alpha Phi Omega at Springfield College and American International College. The Membership Committee posted placquets and made personal contacts to interest new members. A second hand-book exchange and a system classifying rides home on weekends for students at the University were discussed as possible projects, but no action was taken. The meeting was adjourned at 8:05.

Respectfully submitted,

A. Charles Lincoln  
Recording Secretary
